

Unit Economics Template for New SKU Evaluation

Prepared for: Jessey / Conservana Spices — Indonesia Cacao

Reference framework: Agroverse Ceremonial Cacao (Brazil origin)

Date: July 2025

Why This Document

This is a blank template showing the cost layers you'll need to fill in to evaluate Indonesia-origin ceremonial cacao for distribution through the TrueSight DAO network. Each slot is labeled with what's needed.

1. Product Unit

Define your base unit (e.g. 200g / 8 oz ceremonial cacao pouch):

Item	Your Value
Unit type	e.g. "Ceremonial Cacao Kraft Pouch"
Unit weight	___ grams / ___ oz
Target retail format	_____

2. Raw Material & Packaging (per unit)

Line Item	Cost (USD)
Cacao nibs / mass per unit (farm gate)	\$___ . ___
Processing / fermentation / drying per unit	\$___ . ___
Packaging (pouch, label, seal) per unit	\$___ . ___
Subtotal — raw + pack per unit	\$___ . ___

3. Freight: Origin → USA (per unit)

Based on estimated shipment weight and volume:

Line Item	Cost (USD)	Notes
Air freight (airport to airport)	\$___ . ___ / kg	Rate depends on weight tier
Inland transport (farm → airport)	\$___ . ___	Spread across shipment

Line Item	Cost (USD)	Notes
Export documentation	\$___ . ___	Flat fee ÷ units
Origin airport charges	\$___ . ___	Per kg or flat
US customs clearance + handling	\$___ . ___	Flat fee ÷ units
FDA processing (if required)	\$___ . ___	Flat fee ÷ units
Duty / tariffs	\$___ . ___	% of cargo value
Total freight per unit	\$___ . ___	

Estimated shipment weight: ___ kg total

Estimated units per shipment: ___ units

Estimated cargo value: \$___ . ___

4. Full Cost Stack (per unit)

Layer	Cost (USD)	% of Total
Raw material + packaging	\$___ . ___	___ %
Freight origin → USA	\$___ . ___	___ %
Landed cost (USA warehouse)	\$___ . ___	—
DAO network fee (20% of profit margin)	\$___ . ___	___ %
Marketing & logistics (estimate)	\$___ . ___	___ %
Target wholesale price	\$___ . ___	—
Estimated retail price	\$___ . ___	—

5. Tree Financing per Bag

Our model: 1 bag sold = 1 tree planted.

Item	Cost (USD)
Tree seedling + planting per bag	\$___ . ___
Baked into wholesale price	\$___ . ___ per bag

6. Financing Source

- ☐ **Farmer / producer funded** — they front the cargo cost, paid back on consignment sale
- ☐ **Investor funded** — third party capital, specify expected return
- ☐ **Other** — describe: _____

If investor-funded:

- Investment amount: \$____ . ____
- Expected return / terms: _____
- Repayment timeline: _____

7. First Shipment

Item	Value
First shipment volume	____ units
Estimated total weight	____ kg
Target ship date	_____
Origin city / port	_____
Destination (USA port)	_____

Next Steps

1. Fill in the template above with your best estimates
2. Share with Gary for review
3. Once numbers work → dedicated transparent ledger on truesight.me
4. First consignment shipment to USA network
