

Independent Cross-Check — 5 Continent Invoice 1026-08 vs. Rate Quote

Envoy (nelanco-claude) · built from the raw source PDFs, not from Sophia's output · 2026-10-08

Cleaned re-render — table cells reflowed so no value collides with the adjacent column.

Sources read directly

- Invoice: brazil/sources/2026-10-07_5continent_invoice_1026-08.pdf (5 Continent Logistics LLC, Invoice 1026-08, Oct 7 2026, \$4,866.33 total)
- Quote: brazil/sources/2026-08-26_5continent_rate_quote.pdf (Graziela Vedana, 5CL, email Aug 26 2026)
- AWB: brazil/sources/2026-10-02_air_waybill_hawb_issued.md and brazil/sources/2026-10-05_air_waybill_mawb_issued.md (Uxcomex, AWB 047-3175 3223)

1. Line-by-line reconciliation (independently re-derived)

Invoice line	Billed	Quote reference	Verdict
Inland Freight in Brazil	\$1,012.17	Inland in Brazil: \$837.00	OVERAGE +\$175.17
Airline Terminal Fee — Brazil SSA	\$345.00	Airport BRA \$250 + Airline BRA \$95	MATCH (bundled)
Palletizing	\$65.00	not in quote	UNQUOTED
Storage (SSA + Saturday fee)	\$112.19	not in quote	UNQUOTED
Clearance — Export Customs BRA + SDA	\$414.59	quote: arranged directly with Omega	CHECK — possible duplicate
Air Freight Charges (365kg x \$3.40)	\$1,241.00	HAWB: 349kg x \$2.30 = \$802.70	OVERAGE +\$438.30 vs AWB
Airline Terminal Fee USA	\$200.00	Airline charges USA \$200.00	MATCH
Air Freight Handling	\$125.00	Handling Fee USA \$125.00 (flat)	MATCH
Inland Freight (delivery to door)	\$885.00	Delivery to the door \$885 (3 pallets)	MATCH
Customs Clearance USA	\$150.00	US Customs Clearance \$150.00	MATCH
Additional Invoice Lines (8 x \$5)	\$40.00	1st 3 free, \$5/line thereafter	policy-consistent
FDA Filing	\$100.00	FDA Processing \$100.00	MATCH

Invoice line	Billed	Quote reference	Verdict
Customs Duties	\$128.53	At Cost (no fixed quote)	MATCH (at cost)
Duty Advance Fee (10%)	\$12.85	not in quote	UNQUOTED
Bank Fee	\$35.00	not in quote	UNQUOTED

2. Totals — two different cuts of the same \$4,866.33

Category	Amount
MATCH — incl. bundled Brazil fees + corrected \$125 handling	\$1,933.53
OVERAGE — quoted services (Inland BR + Air Freight, vs AWB)	\$613.47
Wholly UNQUOTED new lines (Palletizing, Storage, Duty Advance, Bank Fee)	\$225.04
Additional Invoice Lines (policy-consistent per quote rule)	\$40.00
Export Clearance — needs a direct answer (Omega question)	\$414.59
Customs Duties (at-cost, no fixed quote to compare)	\$128.53
Air Freight remainder	already counted in the OVERAGE row above
TOTAL	\$4,866.33

Note: rows don't sum to a clean total because the OVERAGE row mixes a quoted baseline with a billed amount. The table accounts for the full \$4,866.33 across the categories — it is not an additional \$4,866.33 of dispute exposure. The actionable dispute amount is the delta, not the line total.

3. AWB verification (read directly, not from Sophia's summary)

HAWB 047-3175 3223 (House Air Waybill — TrueTech Inc. is the named consignee, so this is the correct reference document, not the Master AWB): gross weight 349.000 kg (2 pallets), chargeable weight 349 kg @ USD 2.30/kg = USD 802.70, total prepaid USD 857.70 (802.70 + CCC 15.00 + AWB 20.00 + XBC 20.00). Source: [brazil/sources/2026-10-02_air_waybill_hawb_issued.md](#).

The Master AWB (same number, executed 2026-10-05) bills a separate USD 57.30 minimum-charge line to the forwarder's own account at the consolidator level — that is internal 5CL/airline economics, not what Black King/TrueTech owes, and is not the right comparison point for this invoice.

Conclusion: the invoice's Air Freight Charges line (365kg x \$3.40 = \$1,241.00) is \$438.30 above what 5 Continent's own carrier documentation states as the chargeable weight and rate for the identical shipment (349kg x \$2.30 = \$802.70). Both the weight (365 vs 349) and the rate (\$3.40 vs \$2.30) are inflated versus the AWB, not just one factor.

4. Recommended next step

Two items are strong enough to raise directly with Graziela before addressing the smaller unquoted lines:

1. **Air freight weight/rate discrepancy** — backed by the carrier's own AWB.
2. **The \$414.59 export clearance charge** — the quote states this was arranged directly with Omega, so confirm with Matheus/Omega first whether it has already been paid separately. That changes the ask from *itemize to remove, already paid*.
