## Step 8: Issue the NF-e

- Click **"Emitir"** (Issue)
- The system will generate the **XML file** (the official electronic NF-e)
- Print the **DANFE** (Documento Auxiliar da NF-e) — the paper representation
- Send both the **XML** and **DANFE** to Graziela's team

## Common First-Time Issues

### 1. Foreign Buyer Not in System

If TrueTech Inc doesn't appear in the buyer dropdown, add it manually with the **"Exterior"** flag. No Brazilian CNPJ is needed.

### 2. Export Profile Not Enabled

If the system doesn't show "Exportação" as an option, Matheus may need to:

- Contact **SEFAZ-BA** support to enable export operations on his CNPJ
- Or ask his accountant to configure the export regime in his SEFAZ profile

### 3. Currency Conversion

The NF-e system may ask for the exchange rate. Use the official **USD/BRL rate** from the Brazilian Central Bank (BACEN) for the issue date.

### 4. Items with \$0 Value

Items 5 and 6 (AGL8 almonds and tea) have \$0 cost basis. On the NF-e, these can be listed with value \$0.00 or the system may require a nominal value — if so, use a minimal value like \$0.01.

### 5. Need Help?

If Matheus gets stuck, he can:

- Call SEFAZ-BA support
- Ask his accountant (contador) for help — they handle NF-e issuance regularly
- Contact Graziela's team in Brazil who can assist
