Redid the analysis. Full document is attached as well as my observations and thoughts.

How much was the weight of the cargo you originally quoted for? Actual pallet weight is 350kg.

Quoted line	Quoted rate	Billed	Delta	Why
Inland in Brazil	837.00	1,012.17	+175.17	Billed above 5 Continent's own quote
Air Freight +300 kgs	1,118.60	1,241.00	+122.40	365 kg @ \$3.40 vs quoted flat 1,118.60
Cause 1 delta			+297.57	

I filled the FDA for this, why are you charging me for something that I already did?

Line item	Quote basis	Billed	Delta	Verdict
Customs Clearance USA	\$150.00	150.00	0.00	match
FDA Filing	\$100.00	100.00	0.00	match
Customs Duties	At Cost	128.53	+128.53	match (at cost)
Additional Invoice Lines	1st 3 free, \$5/line (8 chargeable)	40.00	+40.00	match (quoted policy)
Cause 2 total		418.53		

Regarding #1 Palletizing, it should have been the job of the trucking company with the use of proper tape. Matheus brought this to my attention
Regarding #3 why was this not included in your original quotation? And USD414 seems way more expensive than the USD\$150 charged for clearing USA customs.
When compared against the invoice from the 2023, this line item does not Why?

I have also attached the full sets of quotations from 2023 for the 100kg of cacao

#	Line item	Quoted rate	Billed	Note
1	Palletizing	none	65.00	Quote premise was heat-treated pallets; billed anyway
2	Storage — SSA + Saturday Airport Fee	none	112.19	Not in quote
3	Clearance — Export Customs BRA + SDA	"agreed with Omega"	414.59	Possible DUPLICATE — see below
4	Duty Advance Fee	none	12.85	= 10% of the 128.53 duty
5	Bank Fees	none	35.00	Not in quote
	Cause 3 total	0.00	639.63
