

Quote vs Invoice — Line-by-Line Analysis

5 Continent Logistics — lane: Black King (Ilheus/SSA) to TrueTech Inc (San Francisco)

Why this document

Two documents were received and need reconciling:

- **(1) The rate quote** — Graziela Vedana (5 Continent), **26 Aug 2026**, subject "Re: Quote Gary / Exportacao = NCM 1801.00.00".
- **(2) The actual invoice** — numero **1026-08**, **07 Oct 2026**, **USD 4,866.33** (P.O. `047-31753223`).

This traces every invoice line back to the quote and flags the differences for discussion. Companion to the reconciliation note filed in `agentic\_ai\_context` (PR #1516).

The two documents at a glance

	Quote	Invoice
Date	26 Aug 2026 (Graziela Vedana)	07 Oct 2026
Reference	"Re: Quote Gary / Exportacao = NCM 1801.00.00"	no 1026-08
Amount	Rates only — no total	USD 4,866.33
Basis	"per our WhatsApp conversation"	actual charges
Premise	heat-treated pallets, no trading company (Matheus issues the NF-e)	as executed

Shipment spec — what changed

	Quote	Final / as shipped
Cargo	EX Ilheus-BA to San Francisco CA 94117	same
Pallets	03 @ 100 x 120 x 100 cm	02 (sec 5.3b / 5.7) — dims differ too
Weight	329 kgs	349 kg (airline weigh-in, sec 5.5 / 5.7)

The quote was built on **3 pallets / 329 kg**; the shipped reality is **2 pallets / 349 kg**.

Line-by-line comparison

5 Continent — Quote vs Invoice, Line-by-Line (Invoice n° 1026-08)

Invoice line	Invoiced (USD)	What the quote said	Read
Inland Freight in Brazil	1,012.17	Not in the email ("per WhatsApp")	NEW — confirm rate basis
Airline Terminal Fee — Brazil SSA	345.00	Not quoted	NEW
Palletizing	65.00	Premise: "heat-treated pallets"	VERIFY — pallet type/fee
Storage — SSA + Saturday Airport Fee	112.19	Not quoted	NEW — ties to 5.9 truck diaria
Clearance — Export Customs BRA + SDA	414.59	"agreed directly with Omega"; alt broker ~ \$714	KEY — who did it, why billed
Air Freight Charges (365 kg @ \$3.40)	1,241.00	Not in the email; 365 kg vs AWB 349 kg	KEY — see issue 1
Airline Terminal Fee — USA	200.00	Not quoted	NEW
Air Freight Handling	125.00	Quote: handling "\$125.00 PER EXAM"	VERIFY — exam or standard?
Inland Freight (US)	885.00	Not quoted	NEW
Customs Clearance — USA	150.00	"\$150.00"	MATCH
Additional Invoice Lines (8 x \$5)	40.00	"1st 3 free, \$5.00/line thereafter"	VERIFY — line count
FDA — FDA Filing	100.00	"\$100.00"	MATCH
Duties — Customs Duties	128.53	"Duties: At Cost"	MATCH (at cost)
Duty Advance — Duty Advance Fee	12.85	Not quoted	NEW (10% of duty)
Bank Fee — Bank Fees	35.00	Not quoted	NEW
Bond (if applicable)	not invoiced	\$6/\$1,000 of value + duty, \$100 min	VERIFY — continuous bond?
MPF	not invoiced	0.3464%, \$33.58 min / \$651.50 max	VERIFY — omitted?
TOTAL	4,866.33	—	—

Key issues to surface for discussion

1. Air freight billed on a superseded weight. The invoice charges **365 kg @ \$3.40 = \$1,241.00**. The air waybill / airport scale gives a gross of **349 kg** (sec 5.5/5.7), billed **349 kg @ USD 2.30 = USD 802.70** (total prepaid **\$857.70**). 365 kg matches the *superseded Rev 12 gross (364.06 kg)* — the invoice appears to have been cut **before** the 349 kg re-weigh. **Delta = +\$438.30** on the weight charge alone, and the \$/kg basis (\$3.40 vs \$2.30) also differs.

2. Export customs clearance charged by 5 Continent. The quote said *"Export customs clearance was agreed directly with Omega"* (an alternative broker was ~\$714). The invoice nonetheless bills **\$414.59** for "Clearance — Export Customs BRA + SDA". Clarify who executed it and on what authority.

3. Trading-company fee (16% + ~4.2% taxes) must NOT apply. The quote's whole premise was *"not needing a trading company — Matheus will issue the Nota Fiscal."* No trading-company line appears on the invoice — confirm that none is embedded in the freight figures, since a 16% fee would be material.

4. MPF is missing. The quote states MPF at **0.3464%, \$33.58 minimum**. No MPF line is invoiced. Either it is embedded in "Customs Duties" or it was omitted — confirm.

5. Bond is not invoiced. The quote lists a surety bond at \$6/\$1,000 with a **\$100 minimum** "if applicable." No bond line appears — confirm TrueTech holds a **continuous bond** (which would exempt the single-entry bond).

6. "Air Freight Handling \$125" is the per-EXAM rate. The quote describes the \$125 handling charge as applying **per exam** ("additional handling charge of \$125.00 per exam"). Confirm whether an exam actually occurred, or whether this \$125 is a different (standard) handling fee.

7. Palletizing charged vs the quote's pallet premise. The quote assumed **heat-treated pallets**; sec 5.9 records the cargo actually sat on a **plastic pallet**. The invoice nonetheless charges **\$65.00** for palletizing — reconcile pallet type and fee.

8. Roughly \$3,082 of ancillary lines appear nowhere in the quote. Nine invoiced lines — Brazil inland freight, SSA terminal fee, palletizing, SSA storage, export clearance, US terminal fee, US inland freight, duty-advance fee, and bank fee — total about **\$3,082** and are absent from the email quote. (The air-freight line, \$1,241, was quoted by WhatsApp.) Request the underlying rate card.

9. Spec drift. Quote: 3 pallets / 329 kg. Final: 2 pallets / 349 kg (and different pallet dimensions). Confirm the quote was not silently re-based onto different specifications.

10. Currency basis. The five Brazil-side lines are billed in **USD**, whereas the cost model modelled them in **BRL**. Confirm the FX basis/date so the pass-through is auditable.

Questions to put to Graziela / 5 Continent

- Re-issue / confirm the **air freight on the 349 kg** weigh-in, and confirm the **\$3.40 vs \$2.30 /kg** basis.
- Clarify **who executed export customs clearance** and the \$414.59 charge.
- Confirm **no trading-company fee** (16% + 4.2%) applies.
- Confirm **MPF** treatment (embedded vs omitted) and **bond** status.
- Confirm whether the **\$125 handling** was an exam or a standard fee.
- Provide the **rate card** for the Brazil-side lines and the FX basis.

Money-movement rule

Payment routing (TD Bank, acct `9246418811`) is a **money move**. This document records and explains the charges; it does **not** authorise or initiate payment. **No payment without an explicit governor command** (sec 0.3).
