Hi Gary,

Per our WhatsApp conversation, below are the updated rates.

This is based on Matheus having the heat treated pallets and not needing a trading company, he will issue the Nota Fiscal.

Export customs clearance was agreed directly with Omega. Other customs broker charge around USD 714.00 for that, if you want to use them instead. If we use the trading company, we need to use their customs broker.

Trading company fee is 16.00% over the invoice value + local taxes, estimated around 4.20% from value.

If we need a trading company for the export

EX Ilhéus - BA, 45653-310, Brazil to San Francisco, CA 94117
