

5 Continent — Quote vs Invoice (FINAL v3, AWB-verified)

Supersedes v1 (mis-split; read only the quote's text layer) **and v2** (corrected; recovered the embedded rate table). **v3 adds the carrier's own waybill as a third-party check on the air-freight line.**

Air freight — now triangulated from three independent sources

Source	Basis	Amount (USD)
Quote rate table (embedded image, quote p.2)	flat +300 kgs	1,118.60
Carrier HAWB 047-3175 3223 (gross 349,000 kg, 2 pallets)	349 kg @ 2.30/kg	802.70
5 Continent invoice 1026-08	365 kg @ 3.40/kg	1,241.00

The invoice is **above both**: **+122.40** over 5 Continent's own quoted rate, and **+438.30** over what the carrier itself documents as the chargeable freight. **Both** the weight (365 vs 349 kg) and the per-kg rate (3.40 vs 2.30) are inflated versus the carrier's own paperwork — same AWB number, same 2 pallets.

Which figure is the contractual ask: the forwarder's own quote (1,118.60) is the price 5 Continent committed to; the HAWB (802.70) exposes their underlying cost/margin. The clean demand is *"re-bill to your quoted rate."* The carrier figure is supporting evidence that the invoice rate is inflated, not a separate claim.

MAWB caveat: the master waybill bills a nominal minimum (2.30 / total 57.30) — that is consolidator-to-airline settlement economics, **not** what TrueTech owes. Only the HAWB is the right comparator, because the HAWB consignee is **TrueTech Inc** (the MAWB consignee is 5 Continent Logistics itself).

Priority: two asks worth a direct reply to Graziela

- Air freight — the strongest line item.** Not "unquoted"; it is billed **above 5 Continent's own carrier documentation**. Invoice 1,241.00 (365 kg @ 3.40) vs quoted flat 1,118.60 vs carrier HAWB 802.70 (349 kg @ 2.30). Ask them to **re-bill to the quoted 1,118.60** and explain the 365 kg / 3.40 basis. **+122.40 minimum; carrier delta +438.30.**
- Export clearance 414.59 — confirm with Omega BEFORE disputing.** The quote says clearance "was agreed directly with Omega," i.e. it was NOT in 5 Continent's quote. If Omega was already paid, this line is a **straight duplicate** — the ask becomes *"please remove, already paid,"* not *"please itemize."*

Lower priority

- Inland Freight Brazil +175.17** — billed 1,012.17 vs quoted 837.00. Same "re-bill to quote" ask.
- Bond & MPF** — quoted formulas but no distinct invoice line; possibly bundled into "Customs Duties 128.53." Ask 5CL to break them out.

- **Handling Fee USA 125.00** — MATCH, but the quote has a *separate* conditional "125.00 per exam." Confirm no exam fee is also embedded.
- **Beneficiary mismatch** — header "5 Continent Logistics LLC" vs pay block "5 Continent Alliance." Verify same entity before any wire.
- **Trading-company fee (16% + ~4.2%)** — quote premise was "no trading company." Confirm none embedded.
- **Spec drift** — quote 3 pallets / 329 kgs; as-shipped 2 pallets / 349 kg.
