

Quote vs Invoice — Three-Column Comparison

5 Continent Logistics — Invoice no 1026-08 (USD 4,866.33) vs rate quote of 26 Aug 2026

How to read this

Every invoice line is placed against what the quote actually stated, with a third column giving the verdict:

- **MATCH** — invoiced exactly as quoted.
- **EXTRA** — no rate in the quote at all, OR billed against a quote term that said it would not be billed.
- **VERIFY** — the quote describes a *conditional* charge; confirm which case applies.
- **NOT BILLED** — a quote rate that does *not* appear on the invoice (credit / omission).
- "n/q" in the Quoted column = **not quoted** (the email contained no rate for this line).

The three-column table

Line item	Quoted cost	Actual cost	Match or Extra
US Customs Clearance	150.00	150.00	MATCH
FDA Processing / Filing	100.00	100.00	MATCH
Customs Duties	At Cost	128.53	MATCH (at cost)
Additional invoice lines (8 x 5)	1st 3 free, 5.00/line	40.00	MATCH (8 chargeable)
Air Freight Handling	125.00 per exam	125.00	VERIFY (exam or standard?)
Air Freight Charges	n/q (AWB: 349 kg @ 2.30 = 802.70)	1,241.00	EXTRA — 365 kg @ 3.40
Inland Freight in Brazil	n/q	1,012.17	EXTRA
Inland Freight (US)	n/q	885.00	EXTRA
Clearance — Export Customs BRA + SDA	"agreed with Omega"	414.59	EXTRA (billed anyway)
Airline Terminal Fee — Brazil SSA	n/q	345.00	EXTRA
Airline Terminal Fee — USA	n/q	200.00	EXTRA
Storage — SSA + Saturday Airport Fee	n/q	112.19	EXTRA
Palletizing	premise: heat-treated pallets	65.00	EXTRA
Bank Fees	n/q	35.00	EXTRA

Line item	Quoted cost	Actual cost	Match or Extra
Duty Advance Fee (10% of duty)	n/q	12.85	EXTRA
Bond (single-entry, if applicable)	6.00/1,000 + duty, 100 min	—	NOT BILLED
MPF	0.3464%, 33.58 min	—	NOT BILLED / hidden in Duties?
Trading-company fee (if needed)	16% + ~4.2% taxes	—	NOT BILLED (good)
TOTAL	(rate card only)	4,866.33	—

Bucket subtotals — the bottom line

Bucket	Lines	USD	Share
MATCH — quoted and billed as quoted	4	418.53	8.6%
VERIFY — conditional quote term	1	125.00	2.6%
EXTRA — unquoted / contrary to quote	10	4,322.80	88.8%
TOTAL invoiced	15	4,866.33	100%

Read: only **8.6%** of this bill (\$418.53) was actually priced in the quote. **88.8% (\$4,322.80)** is either unpriced or billed against a term that said it would not be.

The three issues that carry the money

#	Issue	Quoted	Actual	Delta
1	Air freight on a superseded weight — 365 kg @ 3.40 vs AWB 349 kg @ 2.30	802.70 (AWB basis)	1,241.00	+438.30
2	Export clearance — quote said "agreed directly with Omega"	0.00	414.59	+414.59
3	~9 unquoted ancillary lines — Brazil inland/terminal, US inland/terminal, storage, palletizing, bank, duty-advance	0.00	~2,478.02	+2,478.02

Issues 1–3 together = about **\$3,331** of the bill that the quote did not support.

Also confirm (smaller, but material to audits)

- **MPF / Bond not billed** — the quote lists both (MPF min \$33.58; bond min \$100). Confirm they are genuinely absent (good) and not folded into "Customs Duties".
- **Trading-company fee (16% + 4.2%)** — must NOT apply (quote premise: Matheus issues the NF-e). Confirm none is embedded in freight.
- **Spec drift** — quote: **3 pallets / 329 kg**; shipped: **2 pallets / 349 kg**.
- **Currency basis** — Brazil-side lines billed in **USD** though modelled in **BRL**.

Money-movement rule

Payment routing (TD Bank, acct 9246418811) is a money move. This document records and explains the charges; it does **not** authorise or initiate payment. No payment without an explicit governor command (sec 0.3).
