Spec drift — quote vs as-shipped

	Quote	As shipped

Weight	329 kgs	349 kg

Quoted, but NOT billed

Item	Quote term	Invoice
Bond (single-entry)	6.00/1,000 + duty, 100 min	not billed
MPF	0.3464%, 33.58 min	not billed (inside Duties?)
Trading-company fee	16% + ~4.2%	not billed (good)

Key issues to raise with 5 Continent

1. **Air freight keyed to a superseded weight** — invoice bills 365 kg; AWB/scale is 349 kg. Rate also differs (3.40 vs 2.30/kg). **+438.30**.
2. **Export clearance 414.59 billed** although the quote said Omega did it directly.
3. **Trading-company fee (16% + ~4.2%) must NOT appear** — confirm none is embedded.
4. **MPF** (33.58 min) is not shown — is it inside "Customs Duties 128.53"?
5. **Bond** not invoiced — confirm a continuous bond is on file.
6. **"Air Freight Handling 125.00"** — the quote's \$125 is a *per-exam* charge; confirm whether an exam occurred.
7. **~3,082 across 9 lines has no quote rate** — request the underlying rate card.
8. **Beneficiary name mismatch** — header "5 Continent Logistics LLC" vs payment block "5 Continent Alliance"; verify same legal entity before wiring.
9. **Currency basis** — the five "in Brazil" lines are billed in USD though modelled in BRL; confirm FX basis/date.

Money rule

The pay-to routing (TD Bank NA, acct `9246418811`) is a money move — no payment without an explicit governor command.
